Dear students,

As you approach your Half Yearly examination, remember that this is a moment to showcase your persistence, resilience, and dedication. Each day of preparation brings you closer to your goals. Stay positive and focused—believe that every small step you take is building towards a brighter future. Embrace challenges as opportunities to grow and learn, rather than obstacles. Keep your study environment calm and free from distractions, and surround yourself with encouragement and positivity.

Taking care of your eating habits and rest is equally important. Eat healthy food and avoid eating junk food and overeating. Include more healthy liquids in your diet. Ensure having a sound sleep. Do engage yourself in yoga every day. Certain little changes will take you in the desired direction.

**“Excellence is not in doing everything perfectly, but in giving your best with courage, consistency, and heart.”**

**Wish you all the Best!**

**Regards**

**DAV NUPPL Public School**
